**IX. Discussion**

**A. NOCCCD Catalog Search**

An inquiry was made on the catalog search functionality for Fullerton and Cypress College as to why the search platform defaults to a district-wide search rather than just an individual campus search. At catalog implementation, it built an overall search for students to have the full range of course and program offerings, specifically to assist those students who may be looking for a certain course/program that may not be offered at one campus but is offered at the other. Institutions would like to inquire with the vendor on cost and feasibility of segregating search function to a specific campus only. DCCC Chair will report back.

**B. Confirmation of District Next Steps for AA GE Revision**

FC Chair would like to open dialog at DCCC to coordinate efforts to select a similar AA GE pattern at both credit campuses. Discussion landed on agreeing for the Academic/Faculty Senates to further consider the topic before taking up the topic at DCCC.
