VIII. Discussion

A. Common Course Numbering for Cypress College and Fullerton College Schedule Description Language

- The committee has agreed to adopt a standardized approach for course descriptions in alignment with the Common Course Numbering initiative. Catalog Descriptions will include a comprehensive, long-form description incorporating both Part 1 and Part 2 of the formal course description language. Schedule Descriptions will include a more concise version that includes the full content of Part 1 along with any necessary additional details. This approach aims to ensure consistency and clarity across institutional materials while maintaining alignment with statewide common course numbering efforts.

B. Coursedog Curriculum Inventory Demo

- Coursedog Technologies provided the committee with a 45-minute demonstration of their curriculum inventory product, followed by a brief Q&A session. The committee found the presentation valuable and expressed interest in scheduling in-depth demonstrations at individual campuses to gather broader input from faculty, administrators, and staff. DCCC recording secretary, David Soto, will coordinate these efforts.
