

**NORTH ORANGE COUNTY COMMUNITY COLLEGE DISTRICT
JOB DESCRIPTION**

Job Title:	District Manager, Environmental Health and Safety	Range: 13 (CL)	Management Schedule
Date Revised:	June 14, 2022	Date Approved:	July 22, 2008
THIS IS A DESIGNATED CLASSIFIED MANAGEMENT POSITION SUBJECT TO A SIX-MONTH PROBATIONARY PERIOD			

PRIMARY PURPOSE

Under the direction of the District Director, Risk Management, this position is responsible for performing a variety of duties related to the development, management and supervision of major and complex safety and environmental programs and emergency preparedness programs District-wide, providing subject matter expertise and performing related work as required.

ESSENTIAL FUNCTIONS

Examples of essential functions are interpreted as being descriptive and not restrictive in nature.

1.	Provide leadership in the development, implementation and coordination of the District's environmental, safety, and training programs, including illness and injury prevention, hazardous materials, and emergency response; ensure compliance with federal and state laws and regulations.
2.	Research, develop, implement, direct, manage, maintain and update District-wide environmental safety compliance programs, including accident investigation and prevention, illness and injury prevention, building and equipment safety, ergonomics, confined space, hearing conservation, respiratory protection, fire protection, chemical hygiene plan, environmental recycling, hazardous waste management, hazardous waste incident response and reporting, and Hazardous Material Disclosure and Business Emergency Plan; work closely with administrators and staff to support implementation of health and safety regulations and programs; coordinate overall safety programs with various departments and assists managers with safety and environmental issues; provide specifications for necessary safety and safety-related equipment.
3.	Coordinate loss prevention activities including identifying, evaluating, controlling and minimizing potential hazards and sources of injury to employees and property; coordinate District-wide facilities inspection and environmental audit programs to ensure that hazards are identified and corrected; perform building, worksite and equipment inspections; coordinate the investigation of hazard complaints and recommend corrective action to mitigate unsafe conditions and practices.
4.	Develop resources and conduct a variety of environmental and safety training programs, collaborating with District Professional Development; monitor employee training requirements and compliance; design and disseminate safety/environmental bulletins, newsletters, and handbooks.
5.	Evaluate employee accident and injury reports, recommend remedial action, and follow up to ensure appropriate action is taken; collect and maintain appropriate accident and injury statistics and other regulatory documentation; continually evaluate the effectiveness of environmental safety compliance programs in promoting a safe and healthful environment.
6.	Maintain current knowledge of CAL/OSHA, AQMD and other local, state and federal environmental health and safety standards and regulations; serve as the chemical hygiene officer for the District; serve as liaison with government regulators conducting compliance inspections of District properties and facilities and with officials of other governmental agencies and industry organizations.

7.	Research, develop, implement, manage, update and maintain the District-wide Emergency Preparedness Plan and the Hazard Mitigation Plan; coordinate the activities of the District Emergency Management Planning Committee and participate in various external emergency preparedness planning networks.
8.	Develop and prepare the annual preliminary budgets for assigned programs; monitor and control budget expenditures; review maintenance of detailed and comprehensive reports, records and files regarding programs, operations, and activities.
9.	Determine appropriate equipment and supplies for assigned programs in accordance with established policies; monitor and control inventories.
10.	Train, supervise, evaluate and direct the work of personnel as assigned; participate in selection and hiring processes.
11.	Plan, organize and arrange appropriate training and staff development activities; participate in orientation for new employees.
12.	Organize, attend or chair a variety of meetings as required; serve on committees and special projects as assigned; coordinate programs and services as appropriate with other District and college personnel.
13.	Learn and apply emerging technologies and advances (e.g., computer software applications) as necessary to perform duties in an efficient, organized, and timely manner.
14.	Provide leadership in District/College efforts to increase the diversity of faculty and staff, to address student achievement gaps, and in the creation of a welcoming and inclusive work and educational environment.
15.	Assist and promote the growth and success of a diverse population of students and employees through the development of interculturally competent and equity minded management and leadership abilities. The ideal candidate should have experience in this area with African Americans, Latinx, Native Americans, Pacific Islanders and other disproportionately impacted students and employees.
16.	Perform related duties as assigned.

OTHER FUNCTIONS

In addition to the essential functions, the District Manager, Environmental Health and Safety may participate in the development and administration of supplemental grants related to assigned programs.

WORKING RELATIONSHIPS

The District Manager, Environmental Health and Safety maintains frequent contact with various District and college personnel, vendors, and representatives from governmental agencies.

EDUCATION AND EXPERIENCE

Minimum Qualifications

Bachelor's degree from a regionally accredited institution, preferably with major coursework in occupational safety, industrial hygiene, environmental science, or related field.
