

NORTH ORANGE COUNTY COMMUNITY COLLEGE DISTRICT JOB DESCRIPTION

Job Title:	Television/Video Technician	Range:	40
Date Revised:		Date Approved:	April 8, 2003

PRIMARY PURPOSE

This position is responsible for operating, installing, maintaining, diagnosing, repairing, and fabricating a variety of sophisticated television, cable, satellite, and broadband equipment and systems and providing assistance and recommendations regarding equipment operation, repair and maintenance.

ESSENTIAL FUNCTIONS

Examples of essential functions are interpreted as being descriptive and not restrictive in nature.

1.	Maintains, adjusts, calibrates, diagnoses, and repairs a variety of sophisticated television production, reception and transmission equipment including video cameras, video cassette recorders, teleprompters, satellite receivers, computer edit controllers, computer graphics generators, and production switchers.
2.	Installs, configures, maintains, and designs audio-visual systems for television production, editing, duplication, processing, reception, transmission, and teleconferencing.
3.	Researches and reviews production needs, the capabilities of current and new equipment to determine the need for replacement; recommends purchase of equipment as appropriate.
4.	Sets up cameras, studio lighting, teleprompters, remote production van, and related production equipment; and maintains appropriate signal levels and functions during studio or remote van production taping.
5.	Sets up electronic field production, editing, duplication, cable channel playout, satellite reception, and teleconferencing equipment and maintains appropriate signal levels and functions to meet the needs of production, postproduction, cable operations, and teleconferencing personnel; provides assistance in technical aspects of video activities.
6.	Instructs faculty, staff, and students in the proper operation of television production, editing, duplication, reception, and transmission equipment; answers questions and provides technical information and assistance as necessary.
7.	Installs repaired equipment to systems; checks and repairs complete systems; diagnoses problems with audio and video systems in television truck, editing systems and studio.
8.	Maintains a variety of records, logs and files including records of equipment maintenance and repair, production schedules and inventory.
9.	Learns and applies emerging technologies and as necessary to perform duties in an efficient, organized, and timely manner.
10.	Participate in District/College efforts to increase the diversity of faculty and staff and to address student achievement gaps; active assistance in the creation of a welcoming and inclusive work and educational environment; attend and participate in diversity, equity and inclusion trainings and events.
11.	Performs related duties as assigned.
