c. It is recommended that the Board discuss any potential future agenda items.
BACKGROUND: At the June 2018 Board and Chancellor planning retreat, there was strong interest in providing more opportunities for in-depth discussions on specific topics before action items are placed on the agenda. In addition, the Board wants to provide evidence of its growth to Accrediting Commission for Community and Junior Colleges (ACCJC). At the July 24, 2018 Board meeting, there was general consensus to move to a format where the first meeting of the month would be a business meeting, followed by a second discussion/study session meeting later in the month, in order to allow for effective meetings with meaningful dialogue and provide educational opportunities.

This item is presented to allow for discussion on districtwide efforts related to guided pathways, the Anaheim Pledge, dual enrollment, and student success data in order to promote student success and equity.

How does this relate to the five District Strategic Directions? This item responds to District Strategic Direction #4: The District will implement best practices related to planning, including: transparent decision-making processes, support of strategic and comprehensive planning activities at campus and district levels, and the allocation of resources to fund planning priorities.

How does this relate to Board Policy: This item is in accordance with Board Policy 2310, Regular Meetings of the Board.

FUNDING SOURCE AND FINANCIAL IMPACT: Not applicable.

RECOMMENDATION: It is recommended that the Board conduct a study session to review and discuss districtwide efforts related to guided pathways, the Anaheim Pledge, dual enrollment, and student success data in order to promote student success and equity.
BACKGROUND: As part of an approved North Orange County Regional Consortium (NOCRC) strategy for the Adult Education Program (AEP), the North Orange County Regional Occupational Program (ROP) will update their technology equipment and software to develop curricular alignment and pathways to the NOCE CTE allied health programs. The ROP Technology Update for Students proposal totals a one-time cost of $112,040, which includes equipment and software updates. The NOCRC Executive Committee approved the use of AEP one-time carryover funds to cover the expense.

North Orange County ROP (NOCROP) offers the following programs to the adult population: Advanced Dental Assisting, Nursing Assistant, Long Term Care, Continuing Education Units, Fundamentals of Nursing, Medical Assistant Clinical and Administrative, Medical Terminology and Telemetry Technician. The requested software and equipment updates will allow for curricular alignment with the current requirements of the abovementioned industries. The curriculum enhancement and expansion of career education courses and pathways will increase the number of adults attaining skills necessary for gainful employment and economic security.

This agenda item was submitted by Janeth Manjarrez, Director, Adult Education Program.

How does this relate to the five District Strategic Directions? This item responds to Direction #5: The District will develop and sustain collaborative projects and partnerships with community’s educational institutions, civic organizations, and business.

How does this relate to Board Policy: This item is submitted in accordance with Board Policy 3720, Computer and Electronic Communication Systems.

FUNDING SOURCE AND FINANCIAL IMPACT: The ROP Technology upgrade for students will be charged to the Adult Education Program fund.

RECOMMENDATION: Authorization is requested that the Board of Trustees approve the North Orange County Regional Occupational Program (ROP) Technology Update for Students as a one-time cost of $122,040. Authorization is further requested for the Vice Chancellor, Finance & Facilities, or District Director, Purchasing, to execute the agreement on behalf of the District.
BACKGROUND: North Orange Continuing Education (NOCE) offers free noncredit English as a Second Language (ESL) classes at multiple community-based sites. There is unmet demand for ESL classes at the Cypress Continuing Education Center between the hours of 8:00 a.m. and 3:00 p.m., Monday through Friday. Therefore, NOCE is seeking to enter into a license agreement with Centralia School District to utilize their facility to offer ESL classes. The property of interest, Wing 10 Building of the Walter Knott Education Center, is near the Cypress College Campus. It is located at 7300 La Palma Avenue, Buena Park, CA 90620. Walter Knott Education Center will be the first community-based campus to include four classrooms. The ability to offer several class sections simultaneously will increase the capacity of the NOCE ESL Program and eliminate wait lists for morning ESL classes at the Cypress Continuing Education Center. If successful, this community education hub model has the potential of spanning from ESL to Parent Education and including other K12 school districts.

As part of the regional ESL instruction expansion strategy, the Executive Committee of North Orange County Regional Consortium (NOCRC) for Adult Education approved one-time carryover funding of $90,000 to cover the facility cost for the first-year partnership with Centralia School District. In addition, the consortium approved a contingency amount of $9,000 from ongoing AEP fund.

The license use agreement per year to include:

- License Fee $73,728
- Security Deposit $6,144 (throughout the term of agreement)
- Custodial Services $6,000
- Furniture Use $500

$86,372

The amount of $86,372 is for a one-year period from December 1, 2018 to November 30, 2019 with an option to extend the term of the license use for four (4) additional one (1) year term extension for a total of 5 years with a 2% increase of the prior year fee to cover administrative costs. The first year is a pilot program and funding for subsequent years will be determined and voted on by the Executive Committee of North Orange County Regional Consortium (NOCRC).
The agenda item was submitted by Dr. Karen Bautista, Dean of Instruction and Student Services, and Janeth Manjarrez, Director, Adult Education Program.

**How does this relate to the five District Strategic Directions?** This item responds to Direction #5: The District will develop and sustain collaborative projects and partnerships with community’s educational institutions, civic organizations, and business.

**How does this relate to Board Policy:** This item relates to BP 6500–Property Management.

**FUNDING SOURCE AND FINANCIAL IMPACT:** This license agreement will be paid by the Adult Education Program fund.

**RECOMMENDATION:** Authorization is requested to enter into a license agreement with Centralia School District, for the use of Wing 10 Building of the Walter Knott Education Center located at 7300 La Palma Avenue, Buena Park, CA 90620 in the amount of $86,372. The term of the agreement is from December 1, 2018 to November 30, 2019 with an option to extend the term for four (4) additional one (1) year term extension for a total of 5 years with a 2% increase of the prior year fee to cover administrative costs pending the NOCRC Executive Committee approval and the availability of funding. However, in no event shall Licensee be entitled to any discount or payment in the event any Disruption occurs, regardless of the Disruption’s effect on the Program. In the event Licensee’s activities in the License Area cause the District to incur additional usage fees or results on the delay or disruption of any utilities, Licensee shall be responsible for all associated costs.

SUBJECT: Cypress College and Fullerton College Accreditation Follow-Up Reports

BACKGROUND: Cypress College and Fullerton College are both accredited by the Western Association of Schools and Colleges Accrediting Commission for Community and Junior Colleges (WASC/ACCJC). In March 2011, both colleges hosted visiting teams who evaluated their respective institutional Self Study Reports and examined evidence. As a result of those visits, both colleges were put on Warning and asked to submit a Follow-Up Report.

The Follow-Up Report by Cypress College provides the College’s response to the compliance recommendation received that stated “in order to meet the standards, the team recommends that the College complete a full review of its processes related to the assessment and review cycle of student learning outcomes for all instructional courses/programs to ensure that all courses, programs and directly related services are improved.”

The Follow-Up Report by Fullerton College provides the College’s response to the first compliance recommendation received in relation to Standards 1.B.1, II.A.2, II.A.3 that stated “In order to meet the Standard, the college must assess Institutional Student Learning Outcomes (ISLOs) and engage in sustained substantive and collegial dialog of outcomes in pursuit of continuous quality improvement of courses and programs.” A second compliance recommendation was received in relation to Standards II.A.2, II.A.7 that stated, “In order to meet the Standards, the college must develop methods to ensure that faculty teaching distance education meet generally accepted academic and professional standards and expectation for distance education instruction related to (1) regular and effective contact between instructors and students and (2) professional development.”

This is the first draft of the Follow-Up Reports for the Board’s consideration and feedback. The final version of the reports will be presented to the Board on February 12, 2019, for approval prior to submission to the Commission.
Up to the Accrediting Commission by March 15, 2012. Both colleges received three District Recommendations. In addition, Cypress College received two College Recommendations and Fullerton College received five College Recommendations. The Follow-up Reports describe the actions that have been taken to address the recommendations of the visiting team and the Commission. BACKGROUND: Each school year, the North Orange County Community College District crafts state and federal legislative priorities in order to direct advocacy efforts for the District and campuses. With the help of our legislative advocacy firm, Nossaman LLP, members of Chancellor’s Staff meet in August and September each year to discuss emerging legislative issues that affect our students, staff and community.

Identified legislative priorities address critical needs in the areas of workforce, college readiness, transfer and articulation, financial aid, student success and basic needs, inclusion of noncredit students in appropriate initiatives, as well as general considerations that affect higher education appropriations. The goal is to maximize opportunities for student success, and position NOCCCD to better serve the existing and future workforce needs of the community it serves.

For the 2019-20 year, Chancellor’s Staff has identified the following state and federal legislative priorities:

**State Legislative Priorities**
- Ensure the Student Centered Funding Formula is implemented in a way that fully captures the robust mission of the California Community College system
- Advocate changing the Faculty Obligation Number (FON) formula to ensure equalization and equity across the state
- Ensure categorical metrics are clear and offer colleges accountability measures
- Support policy to help students access basic needs
- Advocate for thoughtful and intentional inclusion of noncredit students in all California Community College statewide initiatives and ongoing support for the Adult Education Program (AEP)
- Support resources and legislative efforts to further the Guided Pathways Program

**Federal Legislative Priorities**
- Engage in the reauthorization of the Higher Education Act
- Support funding for federal student financial aid
- Support Deferred Action for Childhood Arrivals (DACA) and the Dream Act
- Support funding for the Workforce Innovation and Opportunity Act and Carl D. Perkins Career and Technical Education Act
- Protect Students’ Civil Rights

These priorities are not meant to be all-inclusive, and NOCCCD retains the right to advocate on behalf of or in opposition to other areas of legislation or specific bills as they arise through the legislative session. If the Board of Trustees wishes to take a unified
position on specific bills during the session, a separate agenda item will be crafted and subsequently voted on as a resolution.

This agenda item was written by Kai Stearns Moore, District Director, Public & Governmental Affairs.

How does this relate to the five District Strategic Directions? This item responds to District Strategic Direction #4: The District will implement best practices related to planning, including: transparent decision-making processes, support of strategic and comprehensive planning activities at campus and district levels, and the allocation of resources to fund planning priorities.

How does this relate to Board Policy: This item is in accordance with: BP 1001 District Mission, Vision, & Values Statements; The mission of the North Orange County Community College District is to serve and enrich our diverse communities by providing a comprehensive program of educational opportunities that are accessible, relevant, and academically excellent. We are unequivocally committed to student success and lifelong learning. BP 2430 Delegation of Authority to Chancellor; The Chancellor is empowered to reasonably interpret board policy. In situations where there is no board policy direction, the Chancellor shall have the power to act, but such decisions shall be subject to review by the Board. BP 2716 Political Activity; Initiative or referendum measures may be drafted on an area of legitimate interest to the District. The Board may by resolution express the Board's position on ballot measures.

FUNDING SOURCE AND FINANCIAL IMPACT: Not applicable.

RECOMMENDATION: It is recommended that the Board approve the recommended state and federal legislative priorities for 2019-20, and to empower the Chancellor of the North Orange County Community College District to advocate for the interests of the students, staff, and faculty of the District on behalf of the Board.
North Orange County Community College District

2019-20 State Legislative Priorities

The North Orange County Community College District has identified six critically important state legislative priorities to focus advocacy efforts on for 2019-20. Each priority has been carefully chosen to focus on results that will favor the District’s student population, staff, faculty, and long-term sustainability.

1. **Ensure the Student Centered Funding Formula is implemented in a way that fully captures the robust mission of the California Community College system.**

   In 2018, the Legislature and Governor Brown enacted a new Student Centered Funding Formula for the California Community College system focused on enrollment, equity and success. The District will participate in any advocacy efforts necessary to ensure the formula is implemented successfully and that it truly supports the success of students, especially those students who are disadvantaged, as well as the robust and inclusive mission of California Community Colleges.

   **Legislative Goals:**
   - Participate in statewide discussions and support prospective changes to the Student Centered Funding Formula that respond to potential adverse consequences, especially after the hold harmless period.
   - Advocate for further inclusive equity metrics that accurately reflect vulnerable student populations, for example broadening the definition of WIOA to include noncredit students.
   - Advocate for the inclusion of Career Development and College Preparation (CDCP) courses in the Student Centered Funding Formula.
   - Advocate for CDCP Managed Enrollment classes to be funded by census date, as credit does.

2. **Advocate changing the Faculty Obligation Number (FON) formula to ensure equalization and equity across the State.**

   The FON was established in 1988 using the baseline number for each community college district’s faculty numbers that year, and current law requires districts to increase the number of full-time faculty over the prior year in proportion to the amount of growth in funded credit Full Time Equivalent Students (FTES). The FON is out-of-date and does not support the Chancellor’s Vision for Success or reflect the principles of the new Student Centered Funding Formula. The existing FON formula creates large inequities across the state, and the District is interested in actively exploring ways of improving the revenue-to-faculty ratio.

   **Legislative Goals:**
   - Work in a coalition of stakeholders to create a new formula that equalizes districts across the state and aligns with the new Student Centered Funding Formula.
   - Design a proposal that would include noncredit instructors in the FON, similar to how counselors are counted.
3. **Ensure categorical consolidation metrics are clear and offer colleges accountability measures.**

The 2018-19 State Budget consolidated the Student Success and Support Program (SSSP), Basic Skills Initiative (BSI), and Student Equity (SE) into the new Student Equity and Achievement Program. The District believes having clear metrics in place that hold colleges accountable is key to successful categorical consolidation. The District supports ensuring student populations still have the same level of and access to funding in a new, streamlined approach.

**Legislative Goals:**
- Support a Cost of Living Adjustment for the new SSSP.
- Support consolidation that allows local flexibility while also ensuring accountability measures are in place.
- Advocate to define noncredit eligibility in all proposed consolidation efforts.

4. **Support policy to help students address basic needs.**

The District believes student success is largely driven by students’ access to basic needs, such as food, housing, transportation, childcare, and supplies needed to complete course work. The District also understands the strong connection between access to basic needs support and mental health. For these reasons, the District supports any efforts related to increasing a students’ ability to access basic needs and mental health services.

**Legislative Goals:**
- Support legislative efforts to address the issues identified by the statewide Affordability, Hunger and Housing Access Task Force.
- Support legislation that addresses students’ basic needs.
- Support legislation that addresses mental health services for students.
- Support legislation that addresses students’ access to basic needs by encouraging local partnerships between community based organizations, local governments, and community college campuses.

5. **Advocate for thoughtful and intentional inclusion of noncredit students in all California Community College statewide initiatives and ongoing support for the Adult Education Program (AEP).**

NOCCCD has one of the largest noncredit centers in California. North Orange Continuing Education (NOCE) serves over 30,000 students a year through such programs as high school diploma, English as a second language, parenting, and career certification classes. However there have been several recent examples of statewide community college initiatives implemented that have not adequately considered the special administration challenges inherent to noncredit education, even when that inclusion would have been a valuable addition to the initiative. The District will continue to advocate for equitable legislative and regulatory consideration for noncredit, including how AEP funding is disbursed, to ensure the community is being served to the fullest extent possible.

**Legislative Goals:**
- Advocate for specific delineation of noncredit allocations in the release of all statewide initiatives and grants.
• Proactively advocate regarding proposed changes to the AEP structure.
• Support regulatory changes that support and enhance noncredit and adult education resources, programs, and delivery models.

6. Support resources and legislative efforts to further the Guided Pathways Framework.

The District supported the Chancellor’s Office goals of creating the Guided Pathways Framework, and believes Guided Pathways are essential to the core mission of the California Community College system. The District will continue to advocate for funding for key components of Guided Pathways, such as dual enrollment courses, expanded Promise Programs, and noncredit partnerships.

Legislative Goals:
• Support legislation that continues dual enrollement access by removing the current sunset on the program.
• Support legislation that continues and expands community college bacalaureate degree programs.
• Provide the Legislature and Administration examples of our District’s success implementing the Guided Pathways Framework.
• Advocate for inclusion of noncredit as part of the Guided Pathway Framework.

2019-2020 Federal Legislative Priorities

The North Orange County Community College District has identified five critically important federal legislative priorities to focus advocacy efforts on for 2019-2020. Each priority has been carefully chosen to focus on results that will favor the District’s student population, faculty, staff and long-term sustainability.

1. **Engage in the reauthorization of the Higher Education Act.**

   Reauthorization of the Higher Education Act (HEA) is important to the District as it governs federal financial aid programs. The HEA has been expired since 2013 and extended by Congress while debates over the reauthorization take place. Anticipated changes will likely include policy focused on accreditation, regulation reform, risk-sharing, student loans, and additional transparency. It is important during reauthorization of the HEA that any changes to law reflect the diverse student population and interests of our students.

   **Legislative Goals:**
   - Ensure that the reauthorization of the HEA supports community colleges and the specific needs of the “nontraditional” student population.
   - Ensure all requirements and mandates in any risk sharing legislation align with community college’s ability to comply and not adversely affect the student population.
   - Ensure all requirements and mandates included in changes to Title IX enhance student safety and align with community colleges ability to comply and support the community college student population.

2. **Support funding for Federal student financial aid.**

   Federal financial aid consists of student loans and need-based financial aid, such as the Pell Grant, Supplemental Educational Opportunity Grants (SEOG), and Federal Work-Study. Additional funding is available for institutional programs to support students needing assistance. These programs include the Strengthening Institutions program, Hispanic Serving Institutions, Tribally Controlled Colleges, TRIO, GEAR UP, Predominantly Black Institutions, Historically Black Colleges and Universities, and others.

   **Legislative Goals:**
   - Support the American Association of Community College’s (AACC) efforts to prioritize funding for Pell Grants and other need-based financial aid.
   - Support policy that allows funding to provide for two years of free community college tuition for students.
   - Support increased funding for higher education student aid and institutional aid programs.

3. **Support Deferred Action for Childhood Arrivals (DACA) and The Dream Act.**

   NOCCCD is committed to serving all students who can benefit from a post-secondary education, without regard to race, ethnicity, religion, national origin, immigration status, age, gender, language, socio-economic status, gender identity or expression, medical condition or
disability. California’s diversity is a great source of innovation and industry, making California one of the largest economies in the world and an economic engine for the United States.

With over 220,000 young people in California that have received DACA status since 2012 and approximately 60,000 of those young people enrolled at community colleges, NOCCCD supports the continuation of the Deferred Action for Childhood Arrivals program. California and the United States are both stronger due to the contributions made by “Dreamers” to our economy and to our communities.

Legislative Goals:
- Preserve the DACA program.
- Support legislation that establishes a path to citizenship for undocumented students who are long-time U.S. residents.
- Make Dreamers eligible for federal student financial assistance.

4. Support funding for the Workforce Innovation and Opportunity Act and Carl D. Perkins Career and Technical Education Act

Two critical sources of funding for NOCCCD include the Workforce Innovation and Opportunity Act (WIOA) and the Carl D. Perkins Career and Technical Education Act (CTE). North Orange Continuing Education (NOCE) serves more than 30,000 students in the District per year and is the primary provider of adult education, or noncredit, programs in the region.

The WIOA Title II funding provides English language and literacy skills acquisition programs to the most vulnerable populations, including immigrants seeking citizenship and low-income adults. Perkins is a principal source of federal funding to states and discretionary grantees for the improvement of secondary and postsecondary career and technical education programs. This funding is necessary to sustain career and technical education programs offered to NOCCCD students.

Legislative Goals:
- Advocate for increased funding for WIOA Title II grants in the Fiscal Year 2020 Labor, Health and Human Services, and Education Appropriations bill.
- Advocate for increased funding for CTE state grants in the FY 2020 Labor, Health and Human Services, and Education Appropriations bill.

5. Protect Students’ Civil Rights

The students of NOCCCD deserve a federal government that protects them and guarantees the safety of our campus learning environments without compromising fundamental civil rights, human rights, and civil liberties. All individuals should be treated with respect regardless of race, ethnicity, religion, national origin, immigration status, age, gender, language, socio-economic status, gender identity or expression, medical condition or disability. NOCCCD will support legislation and funding priorities that advance each individual’s right to live free of discrimination and to be successful in an inclusive educational environment.

Legislative Goals:
- Support legislation that fully protects the rights of all people as a statement of United States principles.
• Support H.R. 2282 the bipartisan Equality Act that would provide consistent and explicit non-discrimination protections for LGBTQ people across key areas of life, including employment, housing, credit, education, public spaces and services, federally funded programs, and jury service.
BACKGROUND: The yearly Organizational Meeting of the Board must be held between December 7 and December 21, 2018. The County Superintendent of Schools must be informed of the date and time immediately after the meeting date has been established.

The Board is asked to establish Tuesday, December 11, 2018, as the date of its Organizational Meeting. At the Organizational Meeting, the Board must establish its meeting calendar for 2019. The second and fourth Tuesdays of each month in 2019 have been listed as the tentative dates for the meetings. At its November 13, 2018, meeting, the Board directed that the first meeting in the months of January and July be canceled, and the first meeting in August and December be listed as tentative. A probable calendar is now presented so the Board may review all dates. Where known, the dates of national or state conventions or conferences have been listed so that the Board can determine possible scheduling conflicts.

How does this relate to the five District Strategic Directions? This item responds to District Strategic Direction #4: The District will implement best practices related to planning, including: transparent decision-making processes, support of strategic and comprehensive planning activities at campus and district levels, and the allocation of resources to fund planning priorities.

How does this relate to Board Policy: This item is in accordance with Board Policy 2305, Annual Organizational Meeting.

FUNDING SOURCE AND FINANCIAL IMPACT: Not applicable.

RECOMMENDATION: It is recommended that the Board establish Tuesday, December 11, 2018 as the date of its Organizational Meeting and to so inform the County Superintendent. It is further recommended that the Board amend, if necessary, the suggested 2019 meeting calendar.
