INTRODUCTION

The *North Orange County Community College District-wide Strategic Plan 2012 - 2014* is the District's short-term plan. This plan identifies the specific actions that the North Orange County Community College District (NOCCCD) intends to take in order to achieve the District Strategic Directions identified in the *North Orange County Community College District 2011 Comprehensive Master Plan*.

The term for District-wide strategic plans is three years, therefore there will be three District-wide strategic plans developed under the umbrella of the *North Orange County Community College District 2011 Comprehensive Master Plan*:

- *NOCCCD District-wide Strategic Plan 2012 – 2014*
- *NOCCCD District-wide Strategic Plan 2014 – 2017*
- *NOCCCD District-wide Strategic Plan 2017 – 2020*

The current year is an exception to the three-year cycle. The *2012-2014 District-wide Strategic Plan* was developed in spring 2012, with implementation slated to begin in fall 2012. This District-wide strategic plan will guide the District until the *North Orange County Community College District District-wide Strategic Plan 2014-2017* is developed.

The components of the *North Orange County Community College District-wide Strategic Plan 2012- 2014* are:

- **District Strategic Directions** were developed as part of the *North Orange County Community College District 2011 Comprehensive Master Plan*. The District Strategic Directions are institutional goals and, as such, are broad statements that articulate how NOCCCD intends to address current and anticipated challenges.

- **District Objectives** describe the initiatives undertaken to achieve the District Strategic Directions that require collaboration and coordination among District Services and campus administrators, faculty, and staff. The initiatives to be undertaken at each site are also intended to contribute to the achievement of the District Strategic Directions and are documented in the campus strategic plans and in the District Services Administrative Reviews.

- **District Action Plans** describe in step-by-step sequence how the District Objectives will be accomplished and assessed. Each Action Plan includes a timeline for completion, the assignment of the group or office responsible for implementing the action, and an estimate of the cost if applicable.

- **Responsible Party** identifies the group or office assigned with the responsibility to launch, oversee, and complete the Action Plan. The responsible group or office may complete the Action Plan or may collaborate with others to complete the Action Plan. The assignment of a responsible group or office is essential for accountability.

- **Estimated Budget** identifies approximately how much funding will be needed, if any, to complete the Action Plan. Personnel costs for current employees are not included in this estimate.

- **Outcome** is a brief statement describing the results of the Action Plan. This column is completed for the annual Progress Report.

- **Implications for Next Year's Action Plans** describes adjustments that may be needed if the outcome described in the previous column requires changes to subsequent Action Plans. This column is completed for the annual Progress Report.

INTRODUCTION cont'd

Progress on the District Objectives is documented in an annual progress report. This document informs the internal community about movement toward achievement of the District Strategic Directions. The annual progress report is an essential accountability tool in the integrated planning process because it reinforces and sustains a District-wide dialogue on its long-term and short-term goals.

The progress reports accomplish three tasks:

- Consolidate information about the tasks that have been completed by all NOCCCD entities;
- Analyze those outcomes in terms of their effectiveness in moving NOCCCD toward achievement of the District Strategic Directions; and
- Edit or augment Action Plans for the coming year as needed based on the outcomes of the current year's work.

The schedule for the progress reports is:

Spring 2013 Progress Report on District-wide Strategic Plan 2012 – 2014

Spring 2014 Progress Report on District-wide Strategic Plan 2012 – 2014

Spring 2015 Progress Report on District-wide Strategic Plan 2014 – 2017

Spring 2016 Progress Report on District-wide Strategic Plan 2014 – 2017

Etc.

The cycle for integrated planning at the District-level is described in the *NOCCCD Integrated Planning Manual 2012*. Each of the District's campuses also has an integrated planning process in which the components are linked to one another. The campuses' planning processes link to the District-level planning in two ways:

- The District Strategic Directions establish the District-wide institutional goals. The campuses in turn develop site-specific goals, objectives, and action plans that collectively contribute to the achievement of the District Strategic Directions.
- The annual Progress Report details progress on both District Objectives as well as progress on the objectives developed by each campus.
